Hi Karen,

Thank you for your reply.
I would like my mail to be treated as a submission.

I have also been in contact with Brussels on this matter and have been told that there is a European court decision on this matter due within a few months.
I am strongly opposed to any licence being awarded where illegal dumping has occurred.

Again - thank you for the reply,

Best Regards,

Alison Doyle.

Dear Ms Doyle

I refer to your email attached below. Since receipt of your email the Agency has received a licence application from Roadstone Dublin Limited, Reg No 213-1, for a facility at Dillonsdown, Deerpark, Newpaddocks and Santryhill townlands, Blessington, Co Wicklow.

Please confirm if you want your email to be treated as a submission on the above referenced waste licence application by return.

Regards & thanks

account_of_facts=Wicklow county council have served a section 55 notice to Roadstone outlining that they have to apply to the EPA for a remediation licence. they(Roadstone) have 3 illegal dumps on their land and their solution is to create a permanent landfill on their own land. Wicklow county council are not asking them to apply for planning permission. As a member of the public and a resident currently situated about 20 meters from one of the illegal dumps - I feel it is grossly unfair to allow this to go ahead. I feel I am being subjected to the creation of a new dump near my property.

The problem resolution for illegal dumping should not be the issuing of dumping licences to the persons responsible for the initial illegal dumping.

approaches_made_to_LA=I have called in to Wicklow county council and asked for any documentation relating to the illegal dumps on Roadstone land and was told that they have no documentation.

recent_contact=No

any_approaches_made=European commission - I have send the problem description to Siobhan Duffy.

details_of_legal_actions=I have been in touch with solicitors about this matter and will persue this avenue until the illegal dumps are removed from Roadstones lands and to an existing licenced landfill site.
