To whom it may concern
Please do not give a
License to L.C.C. to open a new
Dump at Bostnadome.

It will be very close to our
home; which has been in the
family since 1840 or 1846?

We have already had to
plant the land as nobody
will rent it anymore & we are
retired.

So we have already had
14 yrs of nuisance & if they get the
License we will have another
20 yrs of same.

our property is devalued &
our children will not live in
the area.

The L.C.C. has not proved
the there isn't a gravel aquifer on
the land one small drill hole on
each property is not enough to prove
same. As it is there are 4 vehicle
most days drawing water (leachate)
from the site some day 4 x a day
look what this means for traffic
we can't walk the road anymore!!
which is important to our health.
Please stop of these before you consent
to the licence!
Thank you
Patricia & Patrick
