Re: Proposed extension to the Gortadroma I landfill facility,  
Co. Limerick.

Dear Sir/Madam,

An Bord Pleanála refers to the above-mentioned proposal for which an application for approval has been lodged with the Board by the local authority in accordance with section 175 of the Planning and Development Act 2000. The application relates to a proposed development which comprises or is for the purposes of an activity for which an integrated pollution control licence or a waste licence is required.

Under the provisions of section 175(10) of the said Act, the Board before making a decision in respect of proposed development comprising or for the purposes of an activity may request the Environmental Protection Agency to make observations in relation to the proposed development. The Board also requests observations in relation to the following information:

1. **The Agency's general views regarding the suitability of this site for the development of the nature and scale proposed, having regard to the criteria set out in the Draft EPA Landfill Manual on Site Selection 1996, and to the potential for controlling emissions in any future Waste Licence relating to the proposed activity.**
2. **The likelihood of contamination surface run-off, during both construction and operation phases, causing a seriously deleterious impact on the surface water system in the area.**

Accordingly, the Board invites you to make any observations you may have in relation to this proposed development not later than 3 weeks from the date of this request.

If you have any queries in relation to the matter please contact the undersigned officer of the Board.

Please quote the above-mentioned An Bord Pleanála reference number in any correspondence or telephone contact with the Board.

Yours faithfully
