Re: INDAVER IRELAND INCINERATOR PLANNING PROPOSAL

Planning Application File Number: 01/4014

Location of Development:
Carranstown,
Duleek,
Co. Meath.

With reference to the above planning proposal, I wish to make an appeal on the application made by Indaver for an IPC License for the following reasons:

I object to the increased emissions into our local atmosphere which an incineration would give rise to. We already have a large cement factory on our doorstep. We are a small rural community and should not, in justice, be asked to carry or put up with such pollution caused by waste produced outside our small community.

I would appreciate a written acknowledgement of this letter, and confirmation that my objection is a valid one.
