Re; Indaver Ireland Waste Application Reg No 167-1
 Location of Development: Carranstown, Ouleek,
 Co Meath.

With reference to the above, I wish to object to
 the application made by Indaver for a waste
 license for the following reasons:-

I live approximately 5 miles from the
 proposed site for the incinerator. With all
 the studies done on dioxins and furans
 that this plant would release into the
 air, I am naturally very concerned for
 the health of my two small children (not
 to mention my own and my wife's.)
 With chemicals already being released into
 the air by the cement factory, I feel
 that this site is totally unsuitable. If
 the license is granted, it will be done so
 in total disregard of the health of the
 thousands of people living in the area.

IF YOU are granting the license, can YOU
 GUARANTEE that the air my children breathe
 and the food they eat will be free from any
 contamination that this incinerator will
 undoubtedly belch into our environment.

I would appreciate a written acknowledgment of this letter, and confirmation that my objection is a valid one.

Yours sincerely,

Walter Kelly.
