Dear Dr. Macken,

I refer to my letter to you of 23-4-03 and the acknowledgement by Ann Bosley of the Waste Management License department of the Environmental Protection Agency.

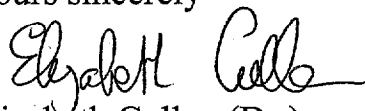

I would be grateful if you could address the issue of particulate matter less than 2.5 microns. Our association raised the issue of particulate matter less than 2.5 microns with the researchers who compiled the Health Research Board, but this was not addressed in their report.

I would appreciate if you could revert to me directly with your opinion on our concerns.

Thank you for your help.

With every best wish, I remain,

Yours sincerely

  
Elizabeth Cullen (Dr.)  
Irish Doctors Environmental Association
