Re: INDAVER IRELAND WASTE APPLICATION Reg No. 167-1

Location of Development: Carranstown, Duleek, Co. Meath.

With reference to the above, I wish to object to the application made by Indaver for a waste license for the following reasons:

There has been insufficient research carried out into the environmental impact of the proposed application on the local environment and there is no independent authority with sufficient scientific skills to monitor the emissions from the proposed plant

I would appreciate a written acknowledgement of this letter, and confirmation that my objection is a valid one.

Signed *Francis Conroy*
