Re: INDAVER IRELAND INCINERATOR PLANNING PROPOSAL

Planning Application File Number: 01/4014

Location of Development:
Carranstown,
Duleek,
Co. Meath.

Reg No: 167-1

With reference to the above planning proposal, I wish to make an appeal on the application made by Indaver for an IPC License for the following reasons:

- 1) The alternative to incineration should be full scale recycling.
- 2) Future health problems from chlorine emissions.
- 3) With ref to a site map at the Dept of Geology it is close to an area marked extreme vulnerability. (Please check)
- 4) Damage to Food industries, tourism, farming.
- 5) Proximity to local schools.

I would appreciate a written acknowledgement of this letter, and confirmation that my objection is a valid one.

Signed Eoin Keane
