**Re: INDAVER IRELAND INCINERATOR PLANNING PROPOSAL**

Planning Application File Number: 01/4014

Location of Development:  
Carranstown,  
Duleek,  
Co. Meath.

With reference to the above planning proposal I wish to make an appeal on the application made by Indaver for an IPC License for the following reasons:

My children attend Mount Hanover school and we live very close to the proposed site. The pollution that will be emitted from the chimneys cannot be monitored and corrected within 10 days timescale. How dangerous can this be. My husband is a farmer how will dioxins affect the GRASS cows eat -> Milk/Beef.

I would appreciate a written acknowledgement of this letter, and confirmation that my objection is a valid one.

Signed *Thyriam Nulty*
