Re: **INDAVER IRELAND INCINERATOR PLANNING PROPOSAL**

Planning Application File Number: 01/4014

Location of Development:
Carranstown,
Duleek,
Co. Meath.

With reference to the above planning proposal, I wish to make an appeal on the application made by Indaver for an IPC License for the following reasons:

My 5 year old son attends Mount Hanover National School, whilst my 3 year old son will also attend in September 2004. I am seriously concerned for their health, and the health of all pupils & teachers who attend this wonderful school. My home is also situated approximately 3 miles from the site & all our lives will be affected due to the fact the emissions travel over such a wide range. This site is far too close to the town of Drogheda, a heavily populated area. Recycling should be the only option for waste management. I would appreciate a written acknowledgement of this letter, and confirmation that my objection is a valid one.

Signed Alison McCone (ALISON MCCONE)
