RE: Nephin Ltd – Waste Disposal Licence Kerdiffstown

Dear Sirs

The waste disposal licence for Nephin Trading allows it to dispose of material to a level of 100 OD in its lands adjacent to our 10th tee box. As at 30/05/05, as per the attached drawing and photograph an embankment of material approximately 13-14 metres higher than our tee box has been constructed and at today's date this embankment is approximately 15 -16 metres higher than the tee box which is in breach of allowed levels as granted.

Please confirm that as the relevant authority you are taking the necessary steps to ensure compliance by Nephin Ltd with its legal obligations.

We understand Nephin Ltd has applied for a licence to increase the embankment level to 108 OD (EPA Application No 47/2) please confirm if this is so the shape of the proposed embankment and also the protection measures proposed for our course, i.e woodland screening, planting etc, such been necessary for the proper preservation of our course.

Please give this matter your urgent attention and your immediate response is awaited.

**EPA
OOE DUBLIN**

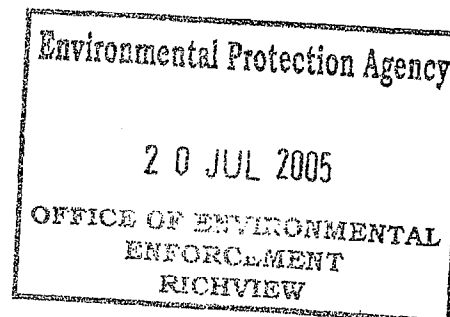

Yours faithfully

Liam Casey
