RE: Roadstone waste licence, Blessington  
Application no 213/1

Dear Sir,

I wish to object to Roadstone's application for a waste licence on the grounds that their recent history would not be what I would expect from a multi-national company.

- 1) Roadstone stored hundreds of thousands of tons of refuse illegally.
- 2) Roadstone lied when questioned about the existence of their illegal waste.
- 3) Roadstone's original application stated there was 110,000 tons of illegal waste, now they are applying for a waste permit to treat & store a further 190,000 tons.
- 4) Where did the surplus 190,000 tons of illegal waste materialize from?
- 5) I believe even Wicklow County Council availed of Roadstone's illegal dump with their waste.
- 6) I could go on, but I won't.

Yours faithfully  
Seminar Guffin
