Dear Dr. Mary Kelly,

It has come to my attention that a remediation landfill will be constructed in Belssington Village to house waste that will not be removed from an illegal landfill area.

It would be of great assistance to me if you could answer the following questions:

- 1) Why is it not possible to remove all the waste that was illegally put there in the first place?
- 2) Why is any landfill or waste disposal allowed in the immediate area of housing?
- 3) Is this a policy for ongoing disposal of waste into the future?

Having looked at the immediate and surrounding area I have grave concerns and would oppose the proposed action of housing any waste within the vicinity of the Village. A prompt reply would be much appreciated.

Yours sincerely,

A handwritten signature in cursive script that reads "Muriel O'Neill".
