To whom it concerns,

I am writing to you in relation to the application to you for an 'EPA' licence by **Organic Gold (Marketing) Ltd.**

I and my family as local residences of this proposed facility (450 M) strongly object to the granting of a composting licence to this company.

My reasons for objection are as follows

1 The highly noxious odour it emits. It is most uncomfortable when the wind blows from a favourable direction and also our daughter suffers from respiratory problems when she comes to visit us.

2 I have very grave concerns as to the destiny of leachate from the plant as the local Yellow River flows close by and many people in the locality receive their drinking water from private wells.

I await your favourable reply.

Yours sincerely,

A handwritten signature in cursive that reads "Brian D. Kenny". The signature is written over a horizontal dashed line.
