Your ref: Licence Application 219-1

Dear Sir/Madam,

I have recently received correspondence from Meath County Council confirming they have refused Waste Permit WMP 2005/47 for Organic Gold Ltd. Reason for refusal as follows:

"Meath County Council is not satisfied that the best available techniques will be used to prevent or eliminate or, where that is not applicable, to limit or reduce emission from the activity concerned".

In my opinion, this has major implications for the EPA licence 219-1 application from the above company.

Many thanks,

Dr. Don Mac Auley.
