6/2/2006

Dear Mr. Young,

I refer your attention to the two letters forwarded to Organic Gold regarding composting on the "lower yard" in Wilkinstown. The first on 3/3/2005 confirms that Meath County Council no longer accepted that there was a history of composting in the "lower yard" and demanded that they stop all composting in this area. The second letter explains the decision and again demands that Organic Gold stop this illegal activity. It is now nearly twelve months since the first letter and Organic Gold continues to use this yard for composting. I have taken several photographs this week which I can forward at your request. It is intolerable that this situation is allowed to continue. They are operating without planning permission, without a waste licence and without the agreement of Meath County Council. Therefore, I am requesting that Meath County Council use all means at its disposal to shut down this illegal operation.

Many thanks,

Dr. Don Mac Auley.

cc. Office of the Ombudsman, EPA, Muredach Doherty & Co. Solicitors, 7A South Richmond St., Dublin 2.
