Castlemahon Village

WOC Co. Limerick

5/10/04 23/9/04

We are living in Castlemahon village 22 years. We get this awful smell from Castlemahon foods. This smell is so bad at times it is like a stink bomb. We have four children and sometimes a member of the family has got sick from the smell. I have had visitors when it was bad and it was so embarrassing. When my family were young they couldn't go out to play when it was bad. We rang Castlemahon on numerous occasions & to this day still

have the smell.
