Dear Sir or Madam,

We Robert and Ann Marie Delaney wish to object to the proposed planning regarding Meat and Bone Meal Incineration at Lagan Cement Killeskillen, Kinnegad, Co. Meath.

The reasons we object to this are:

1. The damage that burning this substance will do to the environment and the general public health.
2. As a recently married couple wishing to start a family, we are concerned about the effects that the incineration of Meat and Bone Meal has on pregnant women and young children.
3. Having recently purchased a house in this area we are concerned that due to this incineration, house prices will de-value.
4. We are also concerned about the smell coming from this process and the risk of BSE.

Yours sincerely,

*Robert Delaney*  
Ann Marie Delaney
