Re: E.P.A. Licence Application by Valeco for Anaerobic Digester Project at Ballard, Araglin, Kilworth, Co. Cork.

Dear Sir/Madam,

With reference to above, can you please let us know if application No W0230-01 for Ballard has been validated. If not, we would greatly appreciate if you might notify us when this validation occurs.

The above association has a serious interest in the Valeco application and we will be making a major submission within the required time frame. In this regard, please let us know when closing date for receipt of submissions is, also if this development will require an IPPC licence.

Thank you,

Yours sincerely,

Nora Shanahan
