Re: Waste to Energy Facility at Pigeon House Road, Poolbeg
Peninsula, Dublin 4.

Dear Secretary,

Enclosed for your information please find a copy of a letter issued by the Board to Dublin City Council in accordance with section 175(5) of the Planning and Development Act, 2000. This letter is formally requesting the relevant local authority to submit **further information** in relation to the effects on the environment of the proposed development.

Please note that upon receipt and examination of any response to its request the Board, in the context of its power under the said section 175, can at that stage require the relevant local authority to publish newspaper notice of the furnishing of the additional information and to make same available for inspection or purchase. Any such newspaper notice would provide that written submissions or observations in relation to the additional information may be made to the Board.

If you have any queries in relation to the matter please contact the undersigned officer of the Board.

Please quote the above-mentioned An Bord Pleanála reference number in any correspondence or telephone contact with the Board.

Yours faithfully,

Siobhan White
Executive Officer

Re: Waste to Energy Facility at Pigeon House Road, Poolbeg Peninsula, Dublin 4.

Dear Sir,

I refer further to the above-mentioned proposed development which is the subject of a current application to the Board for approval under section 226 of the Planning and Development Act, 2000.

Following a preliminary examination of the documentation submitted with the application the Board notes that the majority of the plans and drawings contained in the "Book of Drawings" submitted with the application and in the accompanying environmental impact statement are indicated to be 'not in scale'. In this regard the Board now hereby requests you to submit copies of plans and drawings of the proposed development drawn to a **specified scale**. Notation on the plans should be legible and the drawings should be on an A1 format or larger (3 copies of all drawings should be provided).

In addition the Board notes the photographs used in the visual assessment section of the environmental impact statement (Chapter 6 and Appendix 6.1). In respect of same can you please confirm the focal length of the camera used in the preparation of these photographs (it is noted that it is stated to be 50mm in Appendix 6.1). Furthermore the Board hereby requires you under section 175(5)(a) of the Planning and Development Act, 2000 to submit to it the following further photographic information in relation to the effects on the environment of the proposed development:-

Photographs indicating the existing situation and photomontages indicating the views with the development in place should be prepared and submitted for viewpoints 7,17,18,28,29,32,33 and 36 (as indicated in appendix no.6.1) using a focal length of 70mm.

The additional drawings and photographic information now requested should be submitted to the Board **within 3 weeks** from the date of this letter.

Please also note that following its examination of any information lodged in response to this request for additional information, the Board will then decide whether to invoke its powers under sub-section 5(b)(i) of section 175 of the Planning and Development Act, 2000 to require you to publish newspaper notice of the furnishing of the additional information and to allow for inspection or purchase of same and the making of further written submissions in relation to same to the Board.

Your response to this letter should be received not later than **5.30p.m. on the 10th of November, 2006.**

If you have any further queries in relation to the matter please contact the undersigned officer of the Board.

Please quote the above-mentioned An Bord Pleanála reference number in any correspondence or telephone contact with the Board.
