Ref: Reg. No. 194: Ashbourne Meats Roscrea

Dear Madam,

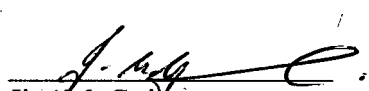

I refer to letter from Frank Clinton, EPA to Thomas Keenan, Ashbourne Meats, with regard to requested parameter changes to effluent discharged to foul sewers.

I wish to confirm that agreement has been reached between North Tipperary County Council and Ashbourne Meats. There will be one change in parameter limits at this time.

	<u>Existing</u>	<u>Agreed New</u>
Total Nitrogen	100mg/l	40mg/l

North Tipperary County Council requests the EPA to make the technical amendment to the licence. The EPA can obtain separate confirmation of this agreement from Ashbourne Meats. It is the Council's understanding that a formal review of the licence is not necessary in the case of an agreed technical change as occurs in this case.

Yours Sincerely,

  
Jim McGuire,  
Senior Engineer
