I wish to view my disagreement to the E.P.A.
for the proposed development W0230-01
on the following points

- 1) Possible emissions (odours and/or dangerous to human / animal health - hydrogen sulphide, mercaptans, methane);
- 2) Possible risks to human health including our primary school children as well as risk to animal health;
- 3) Possible risks to SAC;
- 4) Possible water pollution (drinking water, groundwater, surrounding streams, rivers, SAC etc);
- 5) Possible risks to environment (including human / animal) in case of fire / explosion;
- 6) Risks to wildlife plants and their habitats;
- 7) Possible noise;
- 8) Possible vibrations;
- 9) Possible light pollution at night.
- 10) Possible environmental effects of the huge construction project - on air, water, humans, animals, wildlife, plants and their habitats, etc. ——— Patrick Sheehan
