Dear Noeleen

Re: IPPC Licence Application from Shell E & P Ireland Ltd in respect of Activity at Bellanaboy Bridge Gas Terminal, Bellanaboy Bridge, Bellagelly South, Co. Mayo.

I refer to your letter of 25 January regarding the above which was sent to this Service for comment. I noted your Proposed Determination on this IPPC Licence application and also the contents of your Inspectors report. It is noted that in assessing the application regard was had for the use of Best Available Techniques and other European guidance (BAT) and that Public Health considerations were taken into account. We trust that your examination of the application and its determination is consequent to these considerations and there is no benefit in the HSE-West unnecessarily duplicating resources for such consideration.

Yours faithfully
