Kilkeasick,
Carbury,
Co. Kildare
Mon. 19/2/07

Dear Mr. Grant,

I wish to object to Carbury Mushrooms licence Renewal on account of the soilent smell from the plant which continually stays in my dwelling house, day in and day out. Even if the wind is not blowing in my direction the smell still lingers in my dwelling house. I have on many occasions had to bring visitors to my home, take them out to Edacory to dine for lunch or tea as the foul smell in the my house would turn people from eating. I sometimes couldn't

Sometimes the clothes on the line have to be re-washed if the wind changes direction towards the house. Can't leave clothes out and go away, for fear the wind would change. I invite you anytime to come and see the situation. I like Carbery Mushrooms weekly to collect air, but the don't seem to mind. I've looked for a meeting with them, but they declined. And so too did Monaghan Mushrooms who have taken over Carbery Mushroom Plant. So on grounds of health, collecting fresh country air, and small convenience, I wish to protest and object to the license being granted. Yours sincerely
