Dear Ms Roche,

Oral Hearing on Shell – 16th April 2007

Thank you for taking the time to explain to me the procedure for the Oral Hearing on Shell that begins on April 16th. As I said on the phone, I would like to make a presentation on behalf of the Shell Accountability Campaign.

The Shell Accountability Campaign is a coalition of communities and NGOs (non-governmental organisations) from around the world. It includes many people from communities living next to Shell who are campaigning for environmental justice from Shell's activities. Friends of the Earth International is a member of this coalition.

The presentation would outline some of the impacts of Shell's projects in other parts of the world such as Nigeria and Durban, South Africa. It would look at how Shell has managed elements relevant to the Conditions of the Licence in its other projects. And it would include information on past and existing lawsuits against Shell.

We believe that it is important to take a broader picture of the company into consideration in making decisions of this nature, and I hope you will be able to find time for this contribution. I am available anytime from 23rd April 2007 to make a presentation. I could tailor the presentation around the available facilities, but if there is the facility to make a powerpoint presentation then I would use it.

Many thanks for your help.

Yours sincerely,

Hannah Griffiths
