Submission re. Licence Application WO111-03

E.P.A.
P.O.Box 3000
Johnstown Castle
Wexford

April 2007

Dear Sir /Madam,

We, the undersigned, wish to place on record our objection to the application which has been made to you by South East Recycling Ltd..

We object to this company, which has not observed the terms of its current licence, being granted an increase in tonnage as this will lead to an increase in heavy traffic on an already busy road which is becoming increasingly residential.

We also object to any extension of the opening hours as this will increase the noise levels for residents and the danger for road users.

Finally we object very strongly to the idea that this company should be granted permission to take in domestic waste.

We trust that you will take our views into consideration and we urge you to reject this application.

Signed.
