**Re: Notification in relation to Section 42(2) Waste Management Acts, 1996 to 2005 – Review of Waste Licence – facility at Carbury, Drummin, Co. Kildare.**

Dear Ms. Smith,

In relation to the above, Kildare Co. Council has no particular issues with the above facility. The Cushaling River is protected by this licence and perhaps in the near future Kildare County Council monitoring staff could carry out a visit to the site with an EPA inspector, if that would be useful from your viewpoint.

The contact in our office is myself or Gavin Mc Dermott.

Yours Sincerely,

A. Greene.  
A/Senior Executive Officer.
