Dear Ms. O'Keeffe,

I refer to your recent communication in relation to the Integrated Pollution Control Licence in respect of the above facility.

This is to advise that the HSE has no significant concern regarding the health impact of the proposed activity subject to the normal standards in relation to noise and air pollution being applied and monitored and satisfactory capacity being available in the waste water treatment plant and it's receiving waters to effectively treat the effluent.

Yours faithfully,

PP **Brian McKeever**
Principal Environmental Health Officer
