Dear Noeleen,

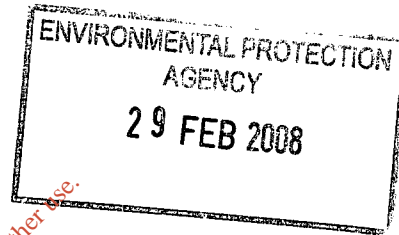

Many thanks for your reply, which does give some indication of the duration of the hearing, which will help us to some extent.

However it does leave us without information as to when our witnesses may be heard, which is the difficulty that I outlined to you. If the Agency intends to maintain this position all we can do is select a date at random, say in the second week, and then insist that priority be given to us by the Chairman when setting dates on the opening day.

Thank you very much for your assistance.

Sincerely

Maurice Bryan
Conservation Adviser
