

OH Sub No. 45

Tuesday 22nd April 2008

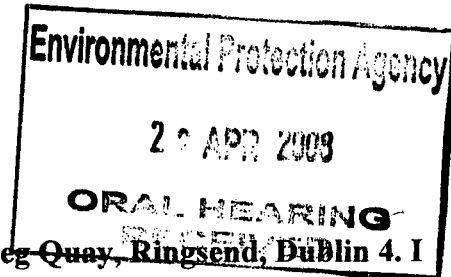

EPA Oral Hearing. Gresham Hotel, Dublin

Recd From: Sharon McCormack

RE: Licence for Incinerator at Poolbeg Peninsula

Reg Num: W0232-01

Dear Madam Chairperson

My name is Sharon McCormack. I live at 45 Poolbeg Quay, Ringsend, Dublin 4. I submitted an Objection on behalf of the residents of Poolbeg Quay against granting a licence for the for mentioned incinerator.

I have been listening to evidence given at this oral hearing from both sides and I wish to ask that the EPA refuse this application for a licence.

My reasons for this are to ensure the health and safety of the population of the Ringsend, Irishtown, Sandymount and surrounding areas.

As already stated at this hearing, most recently today, it has been said that the air in the Ringsend area is already compromised and adding more pollution to this is unacceptable.

The traffic congestion on the Sean Moore Rd and East Link Road is at its limit during peak times and again adding to this problem with trucks coming in and out of the area is again unacceptable.

I am not a technical person at all, just a Mother looking out for the health and safety of her family.

EPA stands for Environmental Protection Agency, Whose job it is to protect our enviroiment. You will be neglecting your responsibilities in doing this if you grant this licence.

Please think long and hard before making your decision as our future generations depend on you.

Thank you

Sharon McCormack
