dear sir/madam,

i would like to draw attention to a proposed waste transfer recycling plant at scart/caherdean farranfore co kerry.

i live in a nice residential area with approx 20 houses on route , kerry airport is 2 and half miles away , the main tralee /killarney road is adjacent to proposed site and it is a hazerdous area .

The plans are with kerry county council for all to see , however i was not contacted about the proposed recycling transfer plant neither was my near neighbours.

I want EPA to investigate the reason for keeping this quite from genuine good neighbours.

IT is apauling to think such a development would be even proposed in such an area with munster food store in the middle.

sincerely,  
hannah kilmurray.
