Re: Application by Oxigen Eniron  
Ltd for a licence to operate an  
Integrated Waste Manaf. Facility at  
Lismagraty & Wexmore, Cavan  
Your Ref: W0248/01

Dear Sirs,

I refer to the above application & now  
wish to make the following objection  
to the granting of the above for the  
following reasons:

'The location is inappropriate given it's  
close proximity to Cavan Town

2. The ongoing pollution arising from the existing facility at present is totally unacceptable. This has been highlighted in the EPA's interim inspection reports of the landfill & the Co. Co have been previously prosecuted for the breaches of the existing licence. The present & previous operators of the landfill have been unable to operate the facility in acc. with the licence requirements.

3. I am unable to enjoy my walks along the main road due to the volume of lorries proceeding to the landfill while the road & hedges are littered with rubbish arising from the landfill.

I ask that the EPA refuse this application for a licence and work towards closure of the landfill  
Yours faithfully, *John May*
