Application by Oxigen Environmental Ltd, for a Licence to operate an Integrated Waste Management Facility at Lismagratty and Corranure Townlands, Cootehill Rd, Cavan Co Cavan.

Your Ref:W0248/01

Dear Sir

I am at college in Athlone I.T. and when I come home at weekends the constant, disgusting smell from the dump has badly effected my weekends. Because I'm away during the week I would find the toxic gases emitted from the dump much stronger than my family. Sometimes I bring friends to stay and they smell it.

The Dump is far to close to populated areas including 3 schools. One of which my brother attends, and was constantly complaining of the smell. If Oxigen is given planning permission to extend the dump life will become unbearable for hundreds of residence in and around Cavan.

I therefore oppose the application by Oxigen to enlarge the dump. I hope the EPA will refuse planning permission and close the dump.

Yours sincerely,

Megan O'Brien
