Submission no 100

Application By Luamagpathy
Discrepancy Local Facility at Cavan
Luamagpathy & Corporation Co Cavan
REF No W0348/01 20.03.09
Tel 087 94145085

Dear Sir I wish to object to the granting of this application. My Family and I have had to endure the terrible odour which comes from this landfill for well over thirty years now. We have had many promises from Cavan County Council that finally the facility would soon be filled to capacity. Then they acquired more land and extended the facility. More recently the present owners have given promises that the odour would be brought to an end. All these promises have been broken. The odour is so bad on a regular basis that I awaken during the night and can get the stench in my bedroom. This I feel

is a grave danger to my health and
that of my family. For people to be
breathing in these terrible fumes as
they sleep is completely ~~unacceptable~~
and I urge you to refuse this application
and call for the closure of this landfill.
If this does not happen I believe the
health of me and my family and other
people in the locality will be seriously
damaged.

Yours sincerely

Seamus Costello
