I drive past this dump every day
and the smell is horrific then when
I veech home I find the smell is
on my doorstep, I live 6 Miles
away how can this be healthy
a smell that surrounds a
6 mile plus area. On certain days
I cant dry my clothes outside
with this smell. I know our
rubbish has to go somewhere
but do you think its right that
people in a 6 miles radius should

I hope you will refuse the
Application for a licence and
press for the closure of the present
