Dear Madam/Sir

WO248/01

Re/

Application by Oxigen Environmental Ltd., for a Licence to operate an Integrated Waste Management Facility at Lismagratty and Corranure townlands, Cootehill Rd. Cavan, Co. Cavan

As a resident of area for the past 60 years and farming the land of this beautiful countryside that Mother Nature has provided us with I have no regard of what Oxigen Environmental Ltd. want to do to this beautiful area. My family and generations to come wants to enjoy the beauty and freedom to work, rest and play without enduring the smells we endure at the moment coming from this waste facility.

I wish one of your managers or staff passed this facility today 26/03/2009 it was an absolute disgrace to see plastic bags of all colours, papers flying around and smells that were hard to bear.

Broken promises from Cavan County Council for over 10 years and by Oxigen for the past twelve months has made me very angry so please please please I call on the Agency to refuse the application for a licence in this matter and to press for the closure of the present facility. My family and I appreciate a beautiful place and clean fresh air not smelly air.

Please, Please, Please refuse the application for licence and press for the closure of this present facility.

**Thanking You
Sincerely Yours
Sean McCormack**
