Re: Application by Oxigen Environmental Ltd for a Licence to operate an Integrated Waste Management Facility at Lismagratty and Corranure Townlands, Cootehill Road, Cavan, Co Cavan.

Dear Sirs,

I refer to the above application and I am disappointed that it would even be considered, taking in to account the huge problems which we have and are experiencing from the current facilities in this area.

At the moment I am unable to put washing on the line without a stale toxic smell coming from them. I put my house on the market over 12 months ago with huge interest at the time, however unfortunately at viewing times the smell was particularly bad and I am now left with a property which is unsaleable.

We have had a string of broken promises from Cavan County Council over a period of 10 years and for the past 12 months Oxigen have failed to improve on this.

I call on the Agency to refuse the application for a licence in this matter and to press for the closure of the present facility.

I await your reply.

Yours sincerely

Elaine Prior
