Dear Sir or Madam

I wish to object strongly to the extension of the landfill on the Cootehill Rd. Cavan. I am very concerned about the landfill it should be closed immediately and a no new expansion at this site should take place.

With the mixtures of gases seeping from the landfill no one knows what the effect will have on the health of those living around the landfill especially the children.

Why should the people of Cavan have to take in waste from other counties? Let these counties use there own landfill sites.

I would hope the EPA would take note of the strong opposition to this development and refuse planning permission.

Yours faithfully

David Reilly
