

Mr Joe Reilly

EPA

Dear Sir

Environmental Protection
Agency
30 MAR 2009

Mr John Morrin has applied for a Waste Permit to dump soil on his lands in Wolfstown. W0251-01. I wish to advise you that this site was subject to illegal waste dumping in the past, and that there is still a lot of waste including waste in drums buried on the land.

I will not be putting my name to this, but would request that you are entirely satisfied that this pit is completely clean before any more material is dumped in it.
