RE: Application by Oxigen
Env. lkd for a licence
at Corranure, CAVAN

15 APRIL 2009

Your Ref: W0248/01

I am writing to you to complain about the state
of the Dump at Corranure, Cavan.

We live about 2 miles away from it, on the Cotehill
Road but as we must pass it each time we go to
shop in our County Town i.e. Cavan, we have been
assaulted visually by its appearance - nowhere else in
Ireland is a public Dump sited along a National Road.

It looks derelict and appears run down / poorly preserved
and maintained by its operators, Oxigen. What must visitors
think when they pass it - only 2 miles from our main town?

Also, on frosty mornings, we can get the smell of
the dump even though we live 2 miles East of its site.

Some mornings, it is so bad we have to bring the car up
to our front door so that our children do not have to
inhale its toxic fumes.

I call on the Agency to refuse the application for a
licence in this matter and to press for the closure of
the present facility.

Is the EPA a toothless regulator?!
