**Re: Application by Oxygen Environmental Ltd, for a licence to operate an integrated Waste Management Facility at Lismagratty and Corranure Townlands, Cavan, Co. Cavan. Your ref: W0248/01**

Dear Sir/Madam,

I ask that the Environmental Protection Agency refuse the above application and close the present facility.

I live approximately 3 miles from the site. The noxious gases are constantly around my house. The landfill is in an inappropriate area being too close to Cavan town and a number of villages. It should under no circumstances be allowed to expand.

I also have great concerns regarding the effect this facility has on the quality of the water and air in the area. There have also been concerns about the increased risk of cancer and other diseases in the area and I really feel that making it larger could cause these problems to be more widespread.

I strongly recommend that the EFA refuse this licence.

Regards,  
Ciara Walshe
