Re: EIA No: W0266-01
Waste Licence Application for Mallow Contracts Limited, Lissard & Ballyhilloge,
Mourneabbey, County Cork.

Dear Ms. Kennedy,

I refer to the recent correspondence to this office relating to the above proposed development
I would like to make the following comments.

Consent of EPA is required for any other use.
For inspection purposes only

Pest Control

The suitable pest control measures should be adopted during the operation phase to ensure the site is pest free at all times

General Hygiene

Adequate facilities should be in place on site to ensure the health and hygiene of all employees. This would include proper sanitary facilities, cleaning facilities and essential first aid equipment.

If I can be of any further help in this regard, please do not hesitate to contact me

Yours Sincerely,

Miriam Cashell
A/Principal Environmental Health Officer
