Dear Mr McEntagant,

I wish to inform you that incorrect and misleading information has been presented on your website relating to Ref- W0250-01. Kenny Central Recycling Facility Ltd. Please refer to maps attached, A tributary has been dammed without authorisation and in some of your maps it is shown as running the way it should, and in others it is shown as running the way it currently is causing me extensive flooding as shown on the video I sent you. As this tributary commences directly where the proposed development is planned, surely this is a serious matter that
