Environmental Protection Agency,
PO Box 3000,
Johnstown Castle Estate,
Co. Wexford.

Re: WL W0161-01 Bottlehill Landfill: Application for Technical Amendment to Waste Licence

Dear Mr Meaney,

I refer to the above amendment as it is much more than a technical amendment and should not be treated as such. The deposition of un-baled waste on a 30M high working face is beyond belief as the containment of wind-blown rubbish would be next to impossible on such an elevated site on windy days. The site was designed and engineered for baled waste and now amazingly, just like that, it can become an un-baled facility. What will be the cost to Cork County Council rate payers for re-engineering the site?

I strongly recommend the licence be revisited in an open and transparent way.

Yours sincerely,

A handwritten signature in black ink, appearing to read "D Carey", written over a horizontal line.
