Re: **WL W0161-01 Bottlehill Landfill:**  
**Application for Technical Amendment to Waste Licence**

I am writing with reference to the recent application made by Cork County Council for a Technical Amendment to the Waste Licence.

I wish to state to the Agency that I do not believe this major change can be considered a technical amendment and wish to wholeheartedly object to Cork County Council's application for Technical Amendment to the Waste Licence for Bottlehill Landfill with regard to the baling of waste.

My family are living within 1 km of the landfill footprint and believe that unbaled waste will significantly increase the environmental risks for our community. I request that your agency perform a complete and proper assessment of placing loose waste in a facility that was not designed for same.

Yours Sincerely

Jack Doherty,

Resident within Host Community.
