Re License review W0178 -01 \ W0178—2 Greenstar, Kilconnell, Co Galway.

Dear Sir.

On behalf of the above group we wish to register our objection to the proposed decision to amend the License to grant permission to Greenstar to take any hazardous asbestos waste at the facility.

We enclose the petition containing the names of parents of school children who also object to the proposal.

In addition we enclose a letter from the Cappataggle Regional Group water scheme outlining their concerns

In discussions with the EPW it has been put to us that the EPA appear to accept the argument posited by Greenstar that the original license granted permission to take asbestos and that the fact that this did not do so was merely due to a technicality in the drafting of the wording of the license.

We find this extraordinary, revisionist and self-serving for the following reasons.

In the first instance, Greenstar does not have a license - and have never been granted a license to accept hazardous waste in Kilconnell. - as far as we can assume based on the foregoing, have not accepted hazardous waste in the Kilconnell up to this point as they did not have permission to do so.

The only current and valid license issued for the Kilconnell dump is the Waste License 178-01 issued to Greenstar Recycling Holdings Limited by the EPA which clearly states that it is a 'WASTE LICENCE FOR A LANDFILL FOR NON-HAZARDOUS WASTE'.

Under its 'Decisions and Reasons for the Decision' it states 'The EPA is satisfied on the basis of the information available that the requirements of section 40(4) of the

For inspection purposes only.
Consent of copyright owner required for any other use.

waste Management Acts, 1996 to 2003 have been complied with in respect of the application for a waste license for the activities listed hereunder in Part 1'....'Asbestos waste includes bonded asbestos such as tiles, which are NOT CLASSIFIED AS HAZARDOUS WASTE and which are authorized for disposal at the facility'.

As a consequence of the 2006 EU Directive this waste is now classified as hazardous asbestos waste and is not covered by the terms of the 2004 waste license issued to Greenstar for the Kilconnell dump. Their original application is now delinquent and voided in the light of the EU Directive

The material for which they now are seeking a license is clearly hazardous waste not covered under the terms of the original License 178-01. Clearly a new application for hazardous waste License must now be submitted to the Agency separate from the amendments sought in W0178 -02

By virtue of the undeniable fact that they have no current valid license for this activity, to now meet all the legal requirements on the road to achieving such permission from the EPA as laid down in Irish and EU legislation and Directives they must undertake a full EIS study to establish to the satisfaction of the Authority the necessity, suitability, impact and capacity of the Kilconnell dump as a suitable location for a hazardous waste dump.

NEED FOR ENSILING IN SEPARATE CELL

The License issued by the EPA was based on the technical drawings and information submitted to the EPA, namely at 5.8 'the landfill shall be filled in accordance with the three phase sequence specified in Drawing No. 1501072/01/320 Rev A'

The Waste License was granted based on the technical information provided which clearly outlines the construction of a three-cell structure developed to take waste over a ten year period.

The EPA guidelines for ensiling hazardous waste clearly outlines the necessity for the development of a distinct and separate cell for hazardous waste only. Greenstar have made no provision for this eventuality.

AFTERCARE.

By allowing Greenstar to dump hazardous material in the Kilocnnell dump it fundamentally alters the management, aftercare and risk profile of the Dump.

No plan has been submitted to cater for this new reality. And no commitment has been given to insure that the operators will remain compliant in the management of a hazardous dump in the long-term as they may not be in a position to surrender their license. These are serious issues that have not been addressed in their application.

PLANNING AUTHORITY

By attempting to hide behind a so called technicality Geeenstar are endeavoring to avoid the obvious need to submit a new planning application to Galway Co Council for permission to change the use of the dump from that which it was granted permission ie - to accept treated residual waste from the Connaught region.

They are also seeking to avoid the submission of a new EIS and attendant investigations on impacts to the local community resulting from this new activity.

Greenstar by responding to the EPA initiative to review 25 waste licenses nationally are attempting to piggy back on the EPA review and avoid their legal requirements to submit a new application with the attendant studies required by all other applicants attempting to secure a license.

Perhaps it would be instructive and enlightening for the Agency to revisit its reasons for refusing a hazardous waste license to two other Greenstar Dumps.

CRIMINAL CONVICTION.

Greenstar has been convicted of breaches of its existing Waste License as a result of the successful prosecution by the EPA earlier this year. Mr. Barry Doyle, Solicitor for the EPA told Judge McGrath in Court that there were 'ongoing difficulties with the Site' before she fined the defendants €3,500 plus costs.

In light of this criminal conviction we do not feel that this company is one that is fit to run a hazardous waste Dump and it is of great concern to the residents in the area.

COMMUNITY CONCERN

As a result of Greenstar pleadings, the Kilconnell dump was licensed to receive treated, residual waste from the Connaught Region. And having got their planning permission, within a year of their opening, Greenstar applied to invoke the 'proximity principle' and got permission to take waste from all over Ireland.

Now they seek to take advantage of the national policy directive which encourages the treating of asbestos in Ireland to force to have their license extended to cover them taking asbestos waste from all over Ireland.

This Community has had enough of this calculated and cynical exploitation of loopholes and the creeping eroding of permissions which benefits only one party and which continues to be detrimental to the wellbeing of this community.

BORROW AREA

A condition of planning is that all activity in the borrow area must cease at 7pm due to the disturbance to residents in homes in the vicinity of the Dump. A condition of planning cannot be over-ruled by the Licensing authority and the EPA must refuse the application by Greenstar to extend this time to 8pm. The more onerous conditions must be observed by the operators – which is 7pm in this instance. Similarly, the Condition relating to Good Friday operating hours.

CONCERN

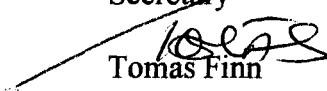

Local residents have grave concerns as to the reasons, necessity and purpose of Greenstar allowing loaded trucks to park inside the gates of the Dump after the Dump has supposedly closed for the night. This practice was again witnessed by a number of local elected members of Galway County Council as recently as last week.

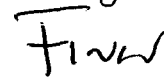

On behalf of the members of this Community who have suffered and continue to suffer as consequence of having this dump in our midst, we urge you to reject this license application from Greenstar Recycling Holdings for a hazardous waste license.

Yours Sincerely

Pauric Lohan

Society Ltd**

We the undersigned have serious concern about having a toxic waste facility at your existing location.

At the moment we have a production Bore hole that supplies drinking water for our 600 Derrybeg houses plus other connections, totalling 1,000 water connections.

If this toxic waste facility was to go ahead, what guarantee can you give us that it won't contaminate or pollute our existing supply. What type of guidelines are in place concerning a toxic waste facility and a supply for a water scheme.

What are the legal requirements in place for the exact distance between both.

Marta J. Chapman
Chairperson

**Cappataggle District Group Water
Scheme Co-Operative Society Ltd.**

KILCONNELL, NEW INN, CAPPATAGGLE ANTI DUMP GROUP.

DO YOU CARE THAT GREENSTAR, THE OPERATORS OF THE KILCONNELL DUMP HAVE APPLIED TO THE E.P.A. TO CHANGE THE TERMS OF THEIR WASTE LICENCE TO ALLOW THEM TAKE 3,000 TONS OF TOXIC ASBESTOS WASTE AND CREATE A HAZERDOUS WASTE DUMP IN THE MIDDLE OF OUR COMMUNITY - DUMPED IN A HOLE BESIDE YOUR FRIENDS AND NEIGHBOURS?

ASBESTOS IS A HAZERDOUS, HIGHLY TOXIC CANCER CAUSING AGENT. INHALING MINUTE SPECKS CAN LEAD TO TERMINAL CANCER IN THE LUNGS AND AIRWAYS AND IS BRITAINS BIGGEST INDUSTRIAL KILLER.

THIS TOXIC MATERIAL WILL BE TRANSPORTED BY OUR SCHOOLS AND HOMES EVERY DAY - SIX DAYS A WEEK.

NO PLAN IS IN PLACE TO MANAGE THIS TOXIC FESTERING MESS LEFT IN THE GROUND LONG AFTER THE DUMP CLOSES AND WHEN GREENSTAR HAVE GONE WITH THE MONEY.

GALWAY CO COUNCIL DID NOT GIVE PERMISSION FOR A HAZERDOUS DUMP AND A NEW PLANNING APPLICATION MUST NOW BE MADE TO REFLECT THIS CHANGE OF USE.

EARLIER THIS YEAR GREENSTAR WAS CONVICTED AND FINED €3,500 IN LOUGHREA DISRICT COURT AFTER BEING PROSECUTED BY THE E.P.A. FOLLOWING ON-GOING BREACHES OF ITS WASTE MANAGEMENT LICENSE. IT WAS ALSO STATED THAT THERE WERE ' ON-GOING DIFFICULTIES WITH THE SITE'

IF YOU WISH TO OBJECT TO THIS APPLICATION AND SUPPORT YOUR FRIENDS AND NEIGHBOURS AND KEEP THE AIR SAFE FOR US ALL THEN PLEASE HAVE YOUR FAMILY SIGN BELOW AND RETURN IT TO THE SCHOOL WHERE WE WILL COLLECT IT.

TAKE A STAND NOW BECAUSE WE DON'T KNOW WHAT IS COMING NEXT.

DO YOU CARE THAT GREENSTAR, THE OPERATORS OF THE KILCONNELL DUMP HAVE APPLIED TO THE E.P.A. TO CHANGE THE TERMS OF THEIR WASTE LICENCE TO ALLOW THEM TAKE 3,000 TONS OF TOXIC ASBESTOS WASTE AND CREATE A HAZERDOUS WASTE DUMP IN THE MIDDLE OF OUR COMMUNITY - DUMPED IN A HOLE BESIDE YOUR FRIENDS AND NEIGHBOURS?

ASBESTOS IS A HAZERDOUS, HIGHLY TOXIC CANCER CAUSING AGENT. INHALING MINUTE SPECKS CAN LEAD TO TERMINAL CANCER IN THE LUNGS AND AIRWAYS AND IS BRITAINS BIGGEST INDUSTRIAL KILLER.

THIS TOXIC MATERIAL WILL BE TRANSPORTED BY OUR SCHOOLS AND HOMES EVERY DAY - SIX DAYS A WEEK.

NO PLAN IS IN PLACE TO MANAGE THIS TOXIC FESTERING MESS LEFT IN THE GROUND LONG AFTER THE DUMP CLOSES AND WHEN GREENSTAR HAVE GONE WITH THE MONEY.

GALWAY CO COUNCIL DID NOT GIVE PERMISSION FOR A HAZERDOUS DUMP AND A NEW PLANNING APPLICATION MUST NOW BE MADE TO REFLECT THIS CHANGE OF USE.

EARLIER THIS YEAR GREENSTAR WAS CONVICTED AND FINED €3,500 IN LOUGHREA DISRICT COURT AFTER BEING PROSECUTED BY THE E.P.A. FOLLOWING ON-GOING BREACHES OF ITS WASTE MANAGEMENT LICENSE. IT WAS ALSO STATED THAT THERE WERE ' ON-GOING DIFFICULTIES WITH THE SITE'.

IF YOU WISH TO OBJECT TO THIS APPLICATION AND SUPPORT YOUR FRIENDS AND NEIGHBOURS AND KEEP THE AIR SAFE FOR US ALL THEN PLEASE HAVE YOUR FAMILY SIGN BELOW AND RETURN IT TO THE SCHOOL WHERE WE WILL COLLECT IT.

TAKE A STAND NOW BECAUSE WE DON'T KNOW WHAT IS COMING NEXT.

Issued on behalf of Kilconnell, New Inn, Cappataggle Anti Dump Group.

Please return to the school by Wednesday, 11th November 2009.

THANK-You.

KILCONNELL, NEW INN, CAPPATAGGLE ANTI DUMP GROUP.

DO YOU CARE THAT GREENSTAR, THE OPERATORS OF THE KILCONNELL DUMP HAVE APPLIED TO THE E.P.A. TO CHANGE THE TERMS OF THEIR WASTE LICENCE TO ALLOW THEM TAKE 3,000 TONS OF TOXIC ASBESTOS WASTE AND CREATE A HAZERDOUS WASTE DUMP IN THE MIDDLE OF OUR COMMUNITY - DUMPED IN A HOLE BESIDE YOUR FRIENDS AND NEIGHBOURS?

ASBESTOS IS A HAZERDOUS, HIGHLY TOXIC CANCER CAUSING AGENT. INHALING MINUTE SPECKS CAN LEAD TO TERMINAL CANCER IN THE LUNGS AND AIRWAYS AND IS BRITAINS BIGGEST INDUSTRIAL KILLER.

THIS TOXIC MATERIAL WILL BE TRANSPORTED BY OUR SCHOOLS AND HOMES EVERY DAY - SIX DAYS A WEEK.

NO PLAN IS IN PLACE TO MANAGE THIS TOXIC FESTERING MESS LEFT IN THE GROUND LONG AFTER THE DUMP CLOSES AND WHEN GREENSTAR HAVE GONE WITH THE MONEY.

GALWAY CO COUNCIL DID NOT GIVE PERMISSION FOR A HAZERDOUS DUMP AND A NEW PLANNING APPLICATION MUST NOW BE MADE TO REFLECT THIS CHANGE OF USE.

EARLIER THIS YEAR GREENSTAR WAS CONVICTED AND FINED €3,500 IN LOUGHREA DISRICT COURT AFTER BEING PROSECUTED BY THE E.P.A. FOLLOWING ON-GOING BREACHES OF ITS WASTE MANAGEMENT LICENSE. IT WAS ALSO STATED THAT THERE WERE ' ON-GOING DIFFICULTIES WITH THE SITE'.

IF YOU WISH TO OBJECT TO THIS APPLICATION AND SUPPORT YOUR FRIENDS AND NEIGHBOURS AND KEEP THE AIR SAFE FOR US ALL THEN PLEASE HAVE YOUR FAMILY SIGN BELOW AND RETURN IT TO THE SCHOOL WHERE WE WILL COLLECT IT.

TAKE A STAND NOW BECAUSE WE DON'T KNOW WHAT IS COMING NEXT.

KILCONNELL, NEW INN, CAPPATAGGLE ANTI DUMP GROUP.

DO YOU CARE THAT GREENSTAR, THE OPERATORS OF THE KILCONNELL DUMP HAVE APPLIED TO THE E.P.A. TO CHANGE THE TERMS OF THEIR WASTE LICENCE TO ALLOW THEM TAKE 3,000 TONS OF TOXIC ASBESTOS WASTE AND CREATE A HAZERDOUS WASTE DUMP IN THE MIDDLE OF OUR COMMUNITY - DUMPED IN A HOLE BESIDE YOUR FRIENDS AND NEIGHBOURS?

ASBESTOS IS A HAZERDOUS, HIGHLY TOXIC CANCER CAUSING AGENT. INHALING MINUTE SPECKS CAN LEAD TO TERMINAL CANCER IN THE LUNGS AND AIRWAYS AND IS BRITAINS BIGGEST INDUSTRIAL KILLER.

THIS TOXIC MATERIAL WILL BE TRANSPORTED BY OUR SCHOOLS AND HOMES EVERY DAY - SIX DAYS A WEEK.

NO PLAN IS IN PLACE TO MANAGE THIS TOXIC FESTERING MESS LEFT IN THE GROUND LONG AFTER THE DUMP CLOSES AND WHEN GREENSTAR HAVE GONE WITH THE MONEY.

GALWAY CO COUNCIL DID NOT GIVE PERMISSION FOR A HAZERDOUS DUMP AND A NEW PLANNING APPLICATION MUST NOW BE MADE TO REFLECT THIS CHANGE OF USE.

EARLIER THIS YEAR GREENSTAR WAS CONVICTED AND FINED €3,500 IN LOUGHREA DISRICT COURT AFTER BEING PROSECUTED BY THE E.P.A. FOLLOWING ON-GOING BREACHES OF ITS WASTE MANAGEMENT LICENSE. IT WAS ALSO STATED THAT THERE WERE ' ON-GOING DIFFICULTIES WITH THE SITE'.

IF YOU WISH TO OBJECT TO THIS APPLICATION AND SUPPORT YOUR FRIENDS AND NEIGHBOURS AND KEEP THE AIR SAFE FOR US ALL THEN PLEASE HAVE YOUR FAMILY SIGN BELOW AND RETURN IT TO THE SCHOOL WHERE WE WILL COLLECT IT.

TAKE A STAND NOW BECAUSE WE DON'T KNOW WHAT IS COMING NEXT.

DO YOU CARE THAT GREENSTAR, THE OPERATORS OF THE KILCONNELL DUMP HAVE APPLIED TO THE E.P.A. TO CHANGE THE TERMS OF THEIR WASTE LICENCE TO ALLOW THEM TAKE 3,000 TONS OF TOXIC ASBESTOS WASTE AND CREATE A HAZERDOUS WASTE DUMP IN THE MIDDLE OF OUR COMMUNITY - DUMPED IN A HOLE BESIDE YOUR FRIENDS AND NEIGHBOURS?

ASBESTOS IS A HAZERDOUS, HIGHLY TOXIC CANCER CAUSING AGENT. INHALING MINUTE SPECKS CAN LEAD TO TERMINAL CANCER IN THE LUNGS AND AIRWAYS AND IS BRITAINS BIGGEST INDUSTRIAL KILLER.

THIS TOXIC MATERIAL WILL BE TRANSPORTED BY OUR SCHOOLS AND HOMES EVERY DAY - SIX DAYS A WEEK.

NO PLAN IS IN PLACE TO MANAGE THIS TOXIC FESTERING MESS LEFT IN THE GROUND LONG AFTER THE DUMP CLOSES AND WHEN GREENSTAR HAVE GONE WITH THE MONEY.

GALWAY CO COUNCIL DID NOT GIVE PERMISSION FOR A HAZERDOUS DUMP AND A NEW PLANNING APPLICATION MUST NOW BE MADE TO REFLECT THIS CHANGE OF USE.

EARLIER THIS YEAR GREENSTAR WAS CONVICTED AND FINED €3,500 IN LOUGHREA DISRICT COURT AFTER BEING PROSECUTED BY THE E.P.A. FOLLOWING ON-GOING BREACHES OF ITS WASTE MANAGEMENT LICENSE. IT WAS ALSO STATED THAT THERE WERE ' ON-GOING DIFFICULTIES WITH THE SITE

IF YOU WISH TO OBJECT TO THIS APPLICATION AND SUPPORT YOUR FRIENDS AND NEIGHBOURS AND KEEP THE AIR SAFE FOR US ALL THEN PLEASE HAVE YOUR FAMILY SIGN BELOW AND RETURN IT TO THE SCHOOL WHERE WE WILL COLLECT IT.

TAKE A STAND NOW BECAUSE WE DON'T KNOW WHAT IS COMING NEXT.

THIS TOXIC MATERIAL WILL BE TRANSPORTED BY OUR SCHOOLS AND HOMES EVERY DAY - SIX DAYS A WEEK.

NO PLAN IS IN PLACE TO MANAGE THIS TOXIC FESTERING MESS LEFT IN THE GROUND LONG AFTER THE DUMP CLOSES AND WHEN GREENSTAR HAVE GONE WITH THE MONEY.

GALWAY CO COUNCIL DID NOT GIVE PERMISSION FOR A HAZERDOUS DUMP AND A NEW PLANNING APPLICATION MUST NOW BE MADE TO REFLECT THIS CHANGE OF USE.

EARLIER THIS YEAR GREENSTAR WAS CONVICTED AND FINED €3,500 IN LOUGHREA DISRICT COURT AFTER BEING PROSECUTED BY THE E.P.A. FOLLOWING ON-GOING BREACHES OF ITS WASTE MANAGEMENT LICENSE. IT WAS ALSO STATED THAT THERE WERE ' ON-GOING DIFFICULTIES WITH THE SITE'.

IF YOU WISH TO OBJECT TO THIS APPLICATION AND SUPPORT YOUR FRIENDS AND NEIGHBOURS AND KEEP THE AIR SAFE FOR US ALL THEN PLEASE HAVE YOUR FAMILY SIGN BELOW AND RETURN IT TO THE SCHOOL WHERE WE WILL COLLECT IT.

TAKE A STAND NOW BECAUSE WE DON'T KNOW WHAT IS COMING NEXT.

Issued on behalf of Kilconnell, New Inn, Cappataggle Anti Dump Group.

Please return to the school by Wednesday, 11th November 2009.

THANK-YOU.

KILCONNELL, NEW INN, CAPPATAGGLE ANTI DUMP GROUP.

DO YOU CARE THAT GREENSTAR, THE OPERATORS OF THE KILCONNELL DUMP HAVE APPLIED TO THE E.P.A. TO CHANGE THE TERMS OF THEIR WASTE LICENCE TO ALLOW THEM TAKE 3,000 TONS OF TOXIC ASBESTOS WASTE AND CREATE A HAZERDOUS WASTE DUMP IN THE MIDDLE OF OUR COMMUNITY - DUMPED IN A HOLE BESIDE YOUR FRIENDS AND NEIGHBOURS?

ASBESTOS IS A HAZERDOUS, HIGHLY TOXIC CANCER CAUSING AGENT. INHALING MINUTE SPECKS CAN LEAD TO TERMINAL CANCER IN THE LUNGS AND AIRWAYS AND IS BRITAINS BIGGEST INDUSTRIAL KILLER.

THIS TOXIC MATERIAL WILL BE TRANSPORTED BY OUR SCHOOLS AND HOMES EVERY DAY - SIX DAYS A WEEK.

NO PLAN IS IN PLACE TO MANAGE THIS TOXIC FESTERING MESS LEFT IN THE GROUND LONG AFTER THE DUMP CLOSES AND WHEN GREENSTAR HAVE GONE WITH THE MONEY.

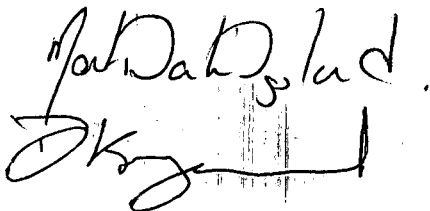

GALWAY CO COUNCIL DID NOT GIVE PERMISSION FOR A HAZERDOUS DUMP AND A NEW PLANNING APPLICATION MUST NOW BE MADE TO REFLECT THIS CHANGE OF USE.

EARLIER THIS YEAR GREENSTAR WAS CONVICTED AND FINED €3,500 IN LOUGHREA DISRICT COURT AFTER BEING PROSECUTED BY THE E.P.A. FOLLOWING ON-GOING BREACHES OF ITS WASTE MANAGEMENT LICENSE. IT WAS ALSO STATED THAT THERE WERE ' ON-GOING DIFFICULTIES WITH THE SITE'.

IF YOU WISH TO OBJECT TO THIS APPLICATION AND SUPPORT YOUR FRIENDS AND NEIGHBOURS AND KEEP THE AIR SAFE FOR US ALL THEN PLEASE HAVE YOUR FAMILY SIGN BELOW AND RETURN IT TO THE SCHOOL WHERE WE WILL COLLECT IT.

TAKE A STAND NOW BECAUSE WE DON'T KNOW WHAT IS COMING NEXT.

NO PLAN IS IN PLACE TO MANAGE THIS TOXIC FESTERING MESS LEFT IN THE GROUND LONG AFTER THE DUMP CLOSES AND WHEN GREENSTAR HAVE GONE WITH THE MONEY.

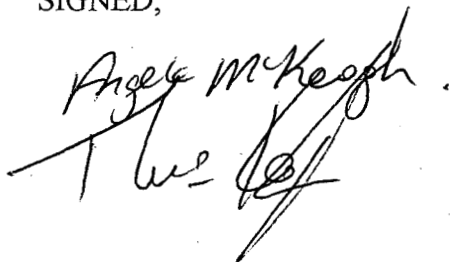

GALWAY CO COUNCIL DID NOT GIVE PERMISSION FOR A HAZERDOUS DUMP AND A NEW PLANNING APPLICATION MUST NOW BE MADE TO REFLECT THIS CHANGE OF USE.

EARLIER THIS YEAR GREENSTAR WAS CONVICTED AND FINED €3,500 IN LOUGHREA DISRICT COURT AFTER BEING PROSECUTED BY THE E.P.A. FOLLOWING ON-GOING BREACHES OF ITS WASTE MANAGEMENT LICENSE. IT WAS ALSO STATED THAT THERE WERE ' ON-GOING DIFFICULTIES WITH THE SITE'

IF YOU WISH TO OBJECT TO THIS APPLICATION AND SUPPORT YOUR FRIENDS AND NEIGHBOURS AND KEEP THE AIR SAFE FOR US ALL THEN PLEASE HAVE YOUR FAMILY SIGN BELOW AND RETURN IT TO THE SCHOOL WHERE WE WILL COLLECT IT.

TAKE A STAND NOW BECAUSE WE DON'T KNOW WHAT IS COMING NEXT.

DO YOU CARE THAT GREENSTAR, THE OPERATORS OF THE KILCONNELL DUMP HAVE APPLIED TO THE E.P.A. TO CHANGE THE TERMS OF THEIR WASTE LICENCE TO ALLOW THEM TAKE 3,000 TONS OF TOXIC ASBESTOS WASTE AND CREATE A HAZERDOUS WASTE DUMP IN THE MIDDLE OF OUR COMMUNITY - DUMPED IN A HOLE BESIDE YOUR FRIENDS AND NEIGHBOURS?

ASBESTOS IS A HAZERDOUS, HIGHLY TOXIC CANCER CAUSING AGENT. INHALING MINUTE SPECKS CAN LEAD TO TERMINAL CANCER IN THE LUNGS AND AIRWAYS AND IS BRITAINS BIGGEST INDUSTRIAL KILLER.

THIS TOXIC MATERIAL WILL BE TRANSPORTED BY OUR SCHOOLS AND HOMES EVERY DAY - SIX DAYS A WEEK.

NO PLAN IS IN PLACE TO MANAGE THIS TOXIC FESTERING MESS LEFT IN THE GROUND LONG AFTER THE DUMP CLOSES AND WHEN GREENSTAR HAVE GONE WITH THE MONEY.

GALWAY CO COUNCIL DID NOT GIVE PERMISSION FOR A HAZERDOUS DUMP AND A NEW PLANNING APPLICATION MUST NOW BE MADE TO REFLECT THIS CHANGE OF USE.

EARLIER THIS YEAR GREENSTAR WAS CONVICTED AND FINED €3,500 IN LOUGHREA DISRICT COURT AFTER BEING PROSECUTED BY THE E.P.A. FOLLOWING ON-GOING BREACHES OF ITS WASTE MANAGEMENT LICENSE. IT WAS ALSO STATED THAT THERE WERE 'ON-GOING DIFFICULTIES WITH THE SITE'

IF YOU WISH TO OBJECT TO THIS APPLICATION AND SUPPORT YOUR FRIENDS AND NEIGHBOURS AND KEEP THE AIR SAFE FOR US ALL THEN PLEASE HAVE YOUR FAMILY SIGN BELOW AND RETURN IT TO THE SCHOOL WHERE WE WILL COLLECT IT.

TAKE A STAND NOW BECAUSE WE DON'T KNOW WHAT IS COMING NEXT.

Issued on behalf of Kilconnell, New Inn, Cappataggle Anti Dump Group.

Please return to the school by Wednesday, 11th November 2009.

THANK-YOU.

KILCONNELL, NEW INN, CAPPATAGGLE ANTI DUMP GROUP.

DO YOU CARE THAT GREENSTAR, THE OPERATORS OF THE KILCONNELL DUMP HAVE APPLIED TO THE E.P.A. TO CHANGE THE TERMS OF THEIR WASTE LICENCE TO ALLOW THEM TAKE 3,000 TONS OF TOXIC ASBESTOS WASTE AND CREATE A HAZERDOUS WASTE DUMP IN THE MIDDLE OF OUR COMMUNITY - DUMPED IN A HOLE BESIDE YOUR FRIENDS AND NEIGHBOURS?

ASBESTOS IS A HAZERDOUS, HIGHLY TOXIC CANCER CAUSING AGENT. INHALING MINUTE SPECKS CAN LEAD TO TERMINAL CANCER IN THE LUNGS AND AIRWAYS AND IS BRITAINS BIGGEST INDUSTRIAL KILLER.

THIS TOXIC MATERIAL WILL BE TRANSPORTED BY OUR SCHOOLS AND HOMES EVERY DAY - SIX DAYS A WEEK.

NO PLAN IS IN PLACE TO MANAGE THIS TOXIC FESTERING MESS LEFT IN THE GROUND LONG AFTER THE DUMP CLOSES AND WHEN GREENSTAR HAVE GONE WITH THE MONEY.

GALWAY CO COUNCIL DID NOT GIVE PERMISSION FOR A HAZERDOUS DUMP AND A NEW PLANNING APPLICATION MUST NOW BE MADE TO REFLECT THIS CHANGE OF USE.
