**Re: Waste Licence Application**

A Chara,

We refer to your recent letter in relation to the above-mentioned development. Outlined below are the nature conservation recommendations of the Department of the Environment, Heritage and Local Government.

The applicant currently runs a large dairy herd at the same location. He has incorporated a wetland/reedbed treatment system in dealing with the effluent generated. Further information be sought as to the capability of the existing system to deal with the additional nutrient load.

Please be advised as of **26th April 2010** the new postal address for all correspondence to the Development Applications Unit is The Manager, Development Applications Unit, Department of the Environment, Heritage and Local Government, Newtown Road, Wexford. Please ensure all correspondence, for the attention of DAU, is forwarded to this address from the aforementioned date.

Mise le meas

Mary Boothman
