09th Dec 2009

Foreshore Section
Coastal Zone Management Division
Dept of Agriculture, Fisheries & Food

Attn Patrick O'Neill

MAINTENANCE DREDGING APPLICATION –
HAULBOWLINE NAVAL BASE, CORK HARBOUR, CO CORK
D.A.F.F. Ref E3/2/64 Vol.2

1. The attached application has been forwarded by Foreshore Section, Coastal Zone Management Division; D.A.F.F. for our observations.
2. The site is not located in a Designated Shellfish Production Area and considered unlikely to interfere with any current shellfish operations.
3. It is considered unlikely they would interfere with any sea-fishing operations.

Regards,

Christopher Nally
Sea Fisheries Operations Manager

SFPA Mission Statement

"The Sea-Fisheries Protection Authority's mission is to enforce Sea Fisheries Conservation legislation and Seafood Safety legislation fairly and consistently to ensure that the marine fish and shellfish resources from the waters around Ireland are exploited sustainably and may be consumed safely for the long-term benefit of all"

SFPA Mission Statement

"To apply sea-fisheries conservation and seafood safety legislation fairly and consistently in accordance with the provisions laid down in the Sea-Fisheries and Maritime Jurisdiction Act 2006, and to promote compliance with the law co-operatively with Sea-Fisheries and seafood sectors and other relevant interests, with the overall objective of ensuring that the marine fish and shellfish resources from the waters in Ireland's EEZ are exploited legally and consumed safely for the long-term benefit of all."
