RE: P0924-01

A Chara

I received notification of proposed landspreading details in your letter of the 6th January.

I have examined details on line and note townlands that are available for land spreading. The selected landbanks in Co Monaghan do not lie within the catchment area of public or group scheme water supply source. However I note from the licence application the 'Expected Customer List' – applicant states 'this list may be added to depending on customer demand'

We request that you keep us informed of any proposed changes to customer lists in the Monaghan Cavan Border area as there are both surface and ground water supply sources in the general area and lakes on the Dromore River (south of Rockcorry) are currently enriched with Phosphorus, these are also of concern as sensitive catchments.

Yours sincerely

Bernie O Flaherty

Executive Chemist
Environment Section
