**Re: Ref No.: PO 934-01 Belview Egg Farm Ltd.,**

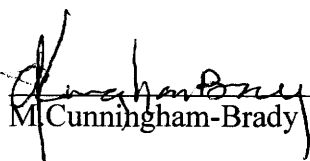

I wish to express my concerns regarding the above reference number. I live directly across from **Belview Egg Farm**, (80 yards in total) from the actual hen shed, in a protected structure. Over the past few months the smell has become horrendous. I have three young children and enjoy living the outdoor life, firstly, we cannot enjoy the pleasure of our front or back garden, secondly, the smell can be so bad we have to go indoor.

We are very concern for the future, at the moment there are almost 39,000 hens, and they hope to reach 80,000 plus, we can only assume the smell will be twice as bad, if not worse.

Our quality of life has diminished, our home has been devalued and the obvious health issues!!

**Belview Egg Farm** should not be issued a license until this matter is resolved.

Thanking you in anticipation.
